The MARINER'S MIRROR

INDEX TO VOL. 58, 1972

In the Index of Ships' Names most of the abbreviations for nationalities other than British are self-explanatory. The following may need explanation however: C.S. stands for Confederate States, V. for Venetian, M. for the Navy of the Knights of Malta, E. for Egyptian, T. for Turkish. The date in brackets is, as far as possible, that of launching or acquisition; if not it is that of the reference.
